A black Plantronics SupraPlus headset is shown against a dark blue background. The headset features a large, circular earpiece with a mesh grille, a flexible boom microphone extending from the side, and a black headband. The Plantronics logo is visible on the headband. The headset is reflected on a glossy surface below it.

Wideband audio
for natural sound
and clearer
conversations

Over-the-head, all-day
comfortable design for
intensive use

Ultra noise-canceling mic
screens out background noise

plantronics®

The gold standard in performance and comfort

SupraPlus® Wideband Headset

Continuing to set the standard for durable, lightweight corded headsets for contact center and office professionals.

SupraPlus Wideband

The gold standard in performance and comfort. Features wideband capability and ultra noise-canceling microphone with extended boom for industry-leading background noise reduction and echo performance.

COMFORTABLE AND STYLISH DESIGN

- Two wearing styles available: binaural or monaural design
- Adjustable T-Pad headband and bendable microphone boom offers flexibility and comfort
- Convenient quick call feature for quick call pick up
- Light, flexible cable enhances your comfort. Single-cable design for binaural models

EXCEPTIONAL AUDIO QUALITY

- Wideband audio with noise-canceling microphone decreases listening errors, repeats and listener fatigue
- Ultra noise-canceling (UNC) microphones with extended boom for industry-leading noise-canceling microphone and echo performance
- Quick Disconnect™ provides compatibility with all Plantronics audio processors and USB-to-headset adapters

SupraPlus headsets require a Plantronics audio processor, USB audio processor, or direct connect cable to connect to phone, PC, or computer.

VISTA® AP15™ AUDIO PROCESSOR

Delivering clearer audio through AudioIQ's DSP-powered multiband compression, noise and echo reduction algorithms, the Vista AP15 is specifically designed for contact centers that require the highest audio accuracy and clarity.

VISTA® M22™ AUDIO PROCESSOR

The Vista M22 audio processor delivers precise levels of listening comfort, sophisticated hearing protection, and superior audio performance. The Vista M22 includes Clearline™ audio to improve call quality in any environment, especially wideband VoIP.

VISTA® DM15™ AUDIO PROCESSOR

Using Digital Signal Processing (DSP), the DM15 offers unsurpassed acoustic protection and provides a solution to contact centres needing to ensure compliance with new EU noise at work legislation.

DA45™ USB AUDIO PROCESSOR

Compatible with all Plantronics H-series headsets, this headset-to-USB adapter/audio processor brings superior call clarity to PC-based communications. The DA45 USB provides advanced audio technologies, plug-and-play connectivity and Quick Disconnect.
